Why were the American POWs imprisoned at the Hanoi Hilton so resilient in captivity and so successful in their subsequent careers? This book presents six principles practiced within the POW organizational culture that can be used to develop high-performance teams everywhere. The authors offer examples from both the POWs' time in captivity and their later professional lives that identify, in real-life situations, the characteristics necessary for sustainable, high-performance teamwork. The audiobook takes readers inside the mind of James Stockdale, a fighter pilot with a degree in philosophy, who was the senior ranking officer at the Hanoi prison. The theories Stockdale practiced become readily understandable in this audiobook. Originally intending their book to focus on Stockdale's leadership style, the authors found that his approach toward completing a mission was to assure that it could be accomplished without him. Stockdale, they explain, had created a mission-centric organization, not a leader-centric organization. He had understood that a truly sustainable culture must not be dependent on a single individual. At one level, this book is a business school case study. It is also an examination of how leadership and organizational principles employed in the crucible of a Hanoi prison align with today's sports psychology and modern psychological theories and therapies, as well as the training principles used by Olympic athletes and Navy SEALs. Any group willing to apply these principles can move their mission forward and create a culture...
