THE VOICE THAT THUNDERS

Vintage Publishing. Paperback. Book Condition: new. BRAND NEW, The Voice That Thunders, Alan Garner, Alan Garner is an exceptional lecturer and essayist. This collection, taken from the work of more than twenty years, explores an enviable range of scholarly interests: archaeology, myth, language, education, philosophy, the spiritual quest, mental health, literature, music and film. The book also serves as a poetic autobiography of one of England's best-loved but least public writers. He hears himself declared dead at the age of six; he draws on the deep vein of a rural working-class childhood in a family of craftsmen who instilled the passion for excellence and for innovation and humour. The disciplines he learnt as a Classicist give a shape and clarity to that passion in this richly various book that would have fascinated his forebears, whose work and lives are also celebrated here. This most unusual, most candid, most vivid picture of an English family and its home, its country's history, is also a devastating revelation of a writer's own life. Alan Garner's account of his mental illness will become a classic, and each strand of the book will be a source of fascination to anyone who has ever fallen under the spell of an Alan Garner story, as also to all who concern themselves with the craft of writing.
