University of Washington Press. Hardcover. Book Condition: New. Hardcover. 460 pages. Dimensions: 8.0in. x 5.6in. x 1.3in. In a literary thriller about science, power, and the lives of ordinary people, John Keeble tells the story of a woman whose passion for her work puts herself and her family at serious risk. Kate DeShazer is a marine biologist whose research threatens the construction of an oil pipeline in Alaska's Chukchi Sea. A group of extremists, hired by an international petroleum conglomerate, intimidate her, steal her records, and leave her fighting for her life. Her husband Jack and son Travis are pulled into a web of international intrigue and violence as they try to save her. With vivid prose, Keeble brings to life the winter landscapes of northern Idaho and southern British Columbia and reveals the interconnectedness of the people within it--from scientists to loggers to white supremacists--as each must answer to the demands of corporate power. John Keeble is professor emeritus of creative writing at Eastern Washington University. He is the author of four novels, including *Yellowfish* and *Broken Ground*, both recently reissued; a collection of short stories; and a work of nonfiction, *Out of the Channel: The Exxon Valdez Oil Spill in Prince William Sound*. John Keeble has written a novel that will make your heart and mind race. *The Shadows of Owls* pulses with masterfully written suspense and sparks questions--questions about the alliances of sorrow and evil, sanctity and madness, love and regret, and especially about the cold, implacable contest between the amoral violence of corporations and the power of stormy seas and snow-drifted land. -Kathleen Dean Moore, author of *Holdfast* and *Wild Comfort* *The Shadows of Owls* is a continually vivid and exactly researched story about the petro-chemical disasters that are haunting our writhing world. Spectacular, compelling and brilliantly articulated....
