Reviews

This type of publication is every thing and helped me seeking ahead and much more. It usually fails to charge too much. It is extremely difficult to leave it before concluding, once you begin to read the book.

PLATS

Inside the Castle, United States, 2008. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.Critical Impressions: Depersonalization and derealization are cardinal features of the schizophrenic experience. In Plats we enter into this anxiety-provoking, frightening world. The city changes secretly, behind layers of paint and pelts of mildew. Against this stagnant backdrop, inhabitants struggle to observe the passage of their lives. With the hypnotic action of a rising and falling tide, the reader floats through a suite of interchangeable women looking for escape in place-names, in the changing minutiae of their skin and clothing, in the hydrological cycle of a seaside desert, and in the possibilities apparent in one another's lives. They steal each other's shoes, mail, apartments, and identities with the hope...
