

Murals of New York City: The Best of New York s Public Paintings from Bemelmans to Parrish (Hardback)

Filesize: 8.49 MB

Reviews

The book is great and fantastic. It is written in straightforward words and phrases rather than difficult to understand. You won't really feel monotony at any time of your respective time (that's what catalogues are for regarding should you question me).

(Payton Miller)

Rizzoli International Publications, United States, 2013. Hardback. Book Condition: New. 312 x 259 mm. Language: English . Brand New Book. If all of the murals of New York City were under one roof, it would be the greatest collection of populist art in America. MURALS OF NEW YORK CITY is the first book to curate over thirty of the most important, influential, and impressive murals found within all five boroughs. The murals featured in this volume act as both an artistic and cultural guide to New York and its citizens over the past 100+ years--from the Victorian sensibilities of the 1900 s, to the New Deal outlook of the WPA-commissioned artworks, to the graffiti-inflected art of Keith Haring and Barry McGee. The book enlightens readers with the lively back stories of those who commissioned and created these murals, and documents the works through extensive original photography that shows both the murals in context, and with details that highlight the artistic hand of the muralists. From courthouses, to libraries, to schoolrooms, to classic hotel watering holes, MURALS OF NEW YORK CITY introduces readers to a wide range of cultural icons and artistic treasures. Full-color images of works by the world s most celebrated artists including Marc Chagall, Roy Lichtenstein, Maxfield Parrish, and more are accompanied by informative and historical commentary. MURALS OF NEW YORK CITY is perfect for art and architecture lovers and serves as a resource for New Yorkers, and a souvenir for the millions of tourists who visit the city every year. The book contains addresses and historical information on each mural, artist, and location, including the circumstances in which they were created, restored, and preserved.
