\*\*\*\*\*.Studying the history of our country creates patriotism

and engenders loyalty. For the same reason, a study of the

history of the Church of Jesus Christ of Latter-day Saints will

implant in our boys and girls a love for its heroes, a loyalty to

its principles, and an appreciation of its achievements. By a

knowledge of the history of the Church, our young people will

prize more highly that heritage given them of God and

preserved for them by the sweat and blood of their fathers. The

teacher using this little book will understand that it is not

exhaustive, but rather suggestive. The teacher should be in

possession of much more history than is given here. He should

fill in much of the undercurrent of heroism, faith, and devotion

exhibited by the characters of the history, very little of which

can be given in the text. The importance of this larger

knowledge on the part of the teacher will be understood by an

examination of the review and questions at the end of each

chapter....
