## Unsettled Balance: Ethics, Security, and Canada's International Relations

By Rosalind Warner

University of British Columbia Press. Hardback. Book Condition: new. BRAND NEW, Unsettled Balance: Ethics, Security, and Canada's International Relations, Rosalind Warner, Unsettled Balance , the first rigorous analysis of security and ethics since 9/11, shows that ethical arguments about rights, obligations, norms, and values have played a profound role in Canadian foreign policy and international relations. This volume explores three key questions. What is the meaning of "ethics" and "security," and how are they linked? To what extent have considerations of ethics and security changed in the twentyfirst century? And what are the implications of a shifting historical context for international relations? Suggested seminar questions, a list of further readings, and a sample course outline add to the usefulness of this text in a classroom setting.
