Reviews

It is really an incredible publication which i have possibly read. It is amongst the most incredible publication i actually have read through. I found out this pdf from my i and dad recommended this publication to discover.

(Abigale Ruecker)

THE RISE AND FALL OF EUROPES NEW STOCK MARKETS, VOLUME 10 ADVANCES IN FINANCIAL ECONOMICS

Emerald Group Publishing Limited. Hardcover. Book Condition: New. Hardcover. 372 pages. Dimensions: 8.9in. x 6.4in. x 1.3in. The advent of new stock markets (the German Neuer Markt, the French Nouveau Marche, the Italian Nuovo Mercato and Nasdaq Europe) has been one of the most important reforms of stock exchanges in Continental Europe in the 1990s. These stock markets aimed at attracting early stage, innovative and high-growth firms that would not have been viable candidates for public equity financing on the main markets of European stock exchanges. Of these new markets, the Neuer Markt emerged as Europes answer to NASDAQ. However, Europes new stock markets met with only limited success. Stock prices plummeted after the ending of the stock market bubble and new markets suffered from poor liquidity, insider trading scandals and accounting frauds. This volume provides an overview of the rise and fall of Europes new stock markets. It contains twelve papers which investigate the characteristics, the ownership structure and the market performance of companies in the short and long run. In addition this volume examines the role of venture capitalists. New stock markets offered venture capitalists an attractive exit for their investments and helped to create a more vibrant venture capital industry in Europe. The private equity market in Europe today is as large as it was just before the advent of new stock markets. As such, the need for stock markets that allow private equity investors to divest their equity stakes in growth companies continues to exist. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Hardcover.
